WARNING

Your new Jelly-Grip Car Vent Mount (JGCVM) is designed to securely cradle your smartphone, Garmin GPS or similarly shaped device while attached to your vehicle's air vent, and for no other purpose. Before using the JGCVM you must review the driving laws and regulations where you intend to use it, as use of your device may be prohibited in certain areas. Even if your device may lawfully be used in your vehicle, never position your JGCVM and device in any location which will distract you while you are driving, block or impair your vision, or draw your attention from the roadway.

Although your JGCVM may be capable of supporting other devices, it is designed to accommodate the weight and shape of a smartphone or Garmin GPS. It may not be able to

support heavier objects, or devices with extensions, such as a camera lens. These must not be used with the JGCVM, as the device may drop from the cradle, or pull away from or damage the air vent. Never allow hot air from the vent to blow on the JGCVM or your device, as this may damage either of them.

Your JGCVM may be used in an infinite variety of ways. Only you can safely judge whether it is appropriately used with your device. If you mount your smartphone or Garmin GPS on an auto vent or anything else, first test the security of the mount by gently wiggling the device. If there appears to be any chance that your device could slip, do not use the JGCVM in that manner.

USE COMMON SENSE

- Be sure to follow your state's hands-free regulations and never text while driving.
- Never position your Jelly-Grip Car Vent Mount and smartphone or Garmin GPS in any location which will distract you while you are driving, block or impair your vision, or draw your attention from the roadway.
- Do not carry this product with your device installed.
- This product contains small parts that may be a choking hazard. Keep out of reach of children.

LIMITED WARRANTY

This JGCVM is warranted against defects in materials and workmanship for a period of ONE (1) YEAR from the date of the original retail purchase. If a defect exists, the manufacturer will, at its option and to the extent permitted by law, (1) repair the product at no charge using new or refurbished parts; or (2) exchange the product with a functionally equivalent product that is new or refurbished; or (3) refund the original purchase price.

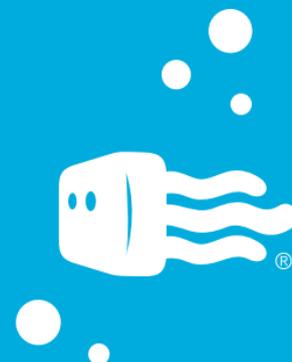

This warranty excludes damage resulting from abuse, accident, modifications or other causes that are not defects in the materials or workmanship. To the extent permitted by applicable law, the manufacturer is not liable for any direct, indirect, incidental or consequential damage arising out of the use or service of the product,

including, but not limited to damage to any air vent. To the extent permitted by applicable law the manufacturer of the JGCVM disclaims all implied and statutory warranties, including warranties of merchantability and fitness for a particular purpose. If implied warranties cannot be disclaimed, then such warranties are limited in duration to the duration of this warranty. This warranty gives you specific legal rights, and you may have other rights which vary from state to state.

To obtain warranty service contact Square Jellyfish using the information provided at www.squarejellyfish.com.

To the extent permitted by applicable law the JGCVM manufacturer will require proof of purchase for all warranty repairs or replacement.

JELLY-GRIP CAR VENT MOUNT

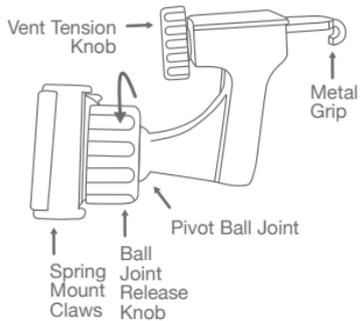

User's Manual

MOUNTING YOUR SMARTPHONE

ATTACH THE MOUNT TO YOUR VENT

- The Metal Grip is intended to clamp around an air vent louver.
- Rotate the Vent Tension Knob either direction to increase or decrease the length of the metal grip.
- Slide metal grip through an opening between louvers and hook the metal grip around a louver.
- Securely tighten the Vent Tension Knob. **Do not overtighten which can potentially cause damage to your car vent or this product.**
- Check to make sure adjustable vent louvers are free to move. If not, make positioning adjustments as necessary.

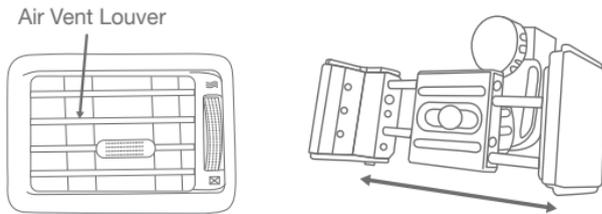

ATTACH YOUR SMARTPHONE TO THE MOUNT

- Flip each of the two Spring Mount Claws open forming 90-degree angles with the rest of the assembly.
- Gently pull claws in opposite directions until your device easily slides into place. Release claws. Tension will hold your device securely in the mount.

POSITION YOUR SMARTPHONE

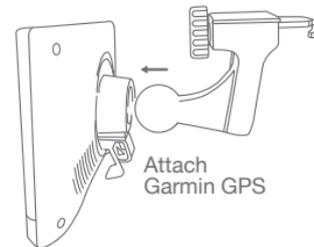

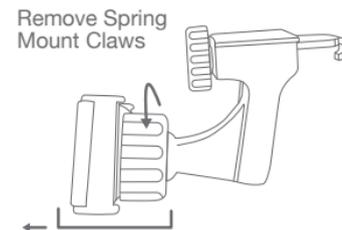

- Manually adjust your smartphone into virtually any position or orientation. The Pivot Ball Joint tension will hold your smartphone in whatever placement is best for you.
- If necessary, loosen the Ball Joint Release Knob for additional positioning flexibility. Tighten knob.

MOUNTING YOUR GARMIN GPS

ATTACH YOUR GARMIN GPS TO THE MOUNT

- Rotate the Ball Joint Release Knob counterclockwise until it falls off.
- Pull Spring Mount Claws off Pivot Ball Joint.
- Set Spring Mount Claws and Release Knob aside for later use.
- Snap the Pivot Ball Joint onto the back of your Garmin GPS.

Garmin is a registered trademark of Garmin.

ATTACH THE MOUNT TO YOUR VENT
